SHOKZ IS THE WORLD'S LEADING PIONEER IN BONE CONDUCTION TECHNOLOGY

PERFECT FOR

*Years of Service Programs*

*Rewards Programs*

*Customer Incentive Programs*

*eCompany Stores*

## WHAT IS BONE CONDUCTION TECHNOLOGY?

Bone conduction transmits sound through vibrations on the bones around your ear, not directly through the air in your ear canal. They are ideal for those with hearing sensitivities or eardrum damage, and because they don't fully block out ambient noise, bone conduction headphones are great for a variety of activities.

*Great for Sports & Exercise*

*Perfect for Work*

*Safely use for Commuting*

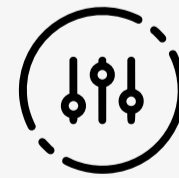

*Suitable for Everyday Use*

Long Battery Life

Water Resistance\*
