

THE ROTERA SERIES WAS MADE FOR ALL DAY HYDRATION.

The **ROTERA** series was made for all day hydration. We set out on a mission to create the perfect water bottle, and we did just that. So, what makes it different? The **TWISTSIP™ STRAW LID** offers on-demand sanitary sips, our signature **COLDKEY™** stainless steel straw prevents plastic from sitting in your water all day, our **BEVGUARD™** technology keeps ice for 24+ hours and the swappable soft-touch sleeve makes this the most durable and customizable insulated bottle ever.

COLORS

Leakproof Design

Because your water bottle shouldn't create messes for you.

Wide Mouth Opening

We know ice is important, so we created a mouth large enough for all standard ice makers to make refilling a breeze.

Built-In Handle

The built-in, soft-touch handle makes the Roteria adventure ready and easy to hold.

Key Features

TwistSip™ Touch-Free Straw Lid

Patent-pending twist-to-sip straw lid lets you sip without touching your straw, and it's fully leakproof when used with cold, non-carbonated beverages.

ColdKey™ Stainless Steel Straw

Minimize the amount of plastic that comes into contact with your water, while also reducing plastic waste.

Silicone Sleeve

Durable + swappable silicone body sleeve protects against drops, dents and dings.

24+ Hours Ice-Cold

BevGuard™ technology keeps water ice-cold for 24+ hours without any metallic taste.

Imprint Area:
Pad Print or Laser Etch
Imprint dimensions are dependent on logo
